

I am writing in regards to the Low Power FM broadcast service. This service is threatening to take K-Love off the air. K-Love is family-friendly radio that has had a positive and encouraging impact on cities across the country. It's wholesome values are essential to our community. It brightens my day and encourages me when I am feeling down. It is in the public interest for this station to be kept on the air. Not only would taking it off the air be taking away the only good Christian music station in the area, but it would deprive hundreds of local listeners from some of the only family-friendly broadcasting in the area. Thank you for your consideration of this issue.
